INSTALLED MEASURES: 75 kW Solar System, HVAC, Lighting Fixtures

ROCKVILLE OFFICE A MULTI-TENANT OFFICE

THE CHALLENGE:

The new owner of this Rockville, MD office saw immediate value in increasing the efficiency of this 38-year old, 100,000 square foot building, by replacing end of life infrastructure and adding solar power.

THE SOLUTION:

The property owner worked with the MD-PACE Program to integrate \$1.97 million of C-PACE financing into Building automation, HVAC and lighting improvements inside the building, as well as a 75 kW solar installation. The office building is expected to save \$362,000 in the first year, and \$5,018,120 over the life of the equipment. In May 2018, the building received a 2017 Energy Star certification.
